

Code RED PR is a public relations response team that shares your goals because we listen to your symptoms.

CRPR will mobilize our leading-edge tools, proven techniques, and institutional talent to provide support that will dazzle the audience of public opinion!

## Consider the treatment options...

### First-time Visit

First public relations visits can be nerve-racking, stressful, and intimidating. Our tableside manner is critical, which is why the first consultation is always on us! Over the phone or in person, Code RED PR will listen and hear to get in rhythm with your goals and objectives. We etch out a PR campaign to meet your goals, and together, we dazzle your target audience.

### Steady Health

When an organization wants to stay in firm and focused PR fitness, Code RED PR supplies ongoing partnering relations with consulting, strategic planning, research, media relations, and a steady supply of branding behaviors. These regular check-ups monitor your company's vital signs keeping a strong pulse on partner possibilities.

### Annual

#### Appointment

One-time, annual events are valued public relations opportunities that can build to the next year or if left unattended can lead to alarming results. Code RED PR stands ready to provide strategic planning and positioning to avoid injury to your next annual event.

### Urgent Care

Real people experiencing real life can be slammed by public relations crisis. When you or your business is shocked by complex PR emergencies, Code RED PR can assist in damage control through our crisis and media communications along with our crisis and issues management, which tend to the internal and external wounds.

## Code of Comittment

Code RED PR safeguards professional relationships and provides critical corporate care. CRPR provides leading-edge public relation life support through informatics, intelligence, and ingenuity. CRPR engraves the client's creed on the community through virtual and traditional team networks. CRPR nurses collaborative commitment to promote and maintain company health and wellness.
